# SEANC scholarship applications NOW AVAILABLE!

Are you a SEANC member going to college? Do you have a son, daughter, legally adopted grandchild or a spouse going to college? Are you a retiree with a grandchild going to college?

Then apply today for a scholarship from the SEANC Scholarship Foundation. Now is the time to work on your application for the 2022-23 academic year.

Last year, the SEANC Scholarship Foundation and SEANC's districts gave out more than $133,000 to help members, their spouses and their dependents attend either two- or four-year institutions. This year, you or somebody in your family could be one of those deserving winners!

An application must be turned in to your district scholarship chairperson postmarked no later than April 15. To find an application and your district's scholarship chairperson, visit seanc.org/scholarship.

The scholarships awarded by the SEANC Scholarship Foundation and the individual districts are one of the association's largest benefits for members.
